Re: Listing with Secretary of State
Hariverji Inc
dba C & G Food Mart
901 Crossland Avenue, Clarksville
63-0341

Dear Mr. Patel:

The Division of Air Pollution Control, herewith known as the Division, requires any company or corporation that applies for a permit to have their corporate name registered with the Tennessee Department of State.

The Division has checked the corporate listings maintained by the Tennessee Department of State to verify the status of Hariverji Inc could not be found. The Division of Air Pollution Control has no authority to require you to file for corporate status recognition in Tennessee; but if Hariverji Inc is not registered future applications cannot list Hariverji Inc as the owner of the subject facility.

T.C.A. 48-11-301 and T.C.A. 48-249-101 outline the specific filing requirements that an entity must execute in order to achieve corporate status recognition in Tennessee. If you wish to complete the application process, please contact the Tennessee Department of State Business Service Division at 615-741-2286 or via email at TNSOS.CorpInfo@tn.gov to determine the requirements with which you must comply to achieve corporate status recognition. If you decide not to pursue this option, you must provide the Division with a valid owner name and address on future application forms.

If you have any questions concerning this correspondence, please contact Jimmie Horton at (615) 532-0533 or via email at jimmie.horton@tn.gov.

Sincerely,

Steven Simpson, Section Manager
East Tennessee Permit Program
